ONE SCHOOL, EVERY STAGE

● A TYPICAL DAY

## Mornings for thinking. *Afternoons* outside.

*Mornings are for the harder thinking – discussions around the table, focused project blocks. Afternoons are for the things the building can't hold: sport, sea, kitchen, stables. Lunch is a real break, not a transition.*

SECONDARY · A TYPICAL DAY

8:45 **Daily check-in**  
Real catch-ups in small groups with a dedicated tutor & mentor.

8:55 **Harkness block · core**  
Maths, sciences or humanities — round table.

9:50 **Harkness block · core**  
Second block of the morning.

10:45 **Harkness block · core**  
Third block of the morning.

11:40 **Lunch & outside**  
Proper break. Food. Air. Often a walk to the cove.

12:05 **Project block**  
Marine biology, enterprise, textiles — runs across the term.

13:10 **Project block**  
Second project block of the afternoon.

14:00 **Off-site activities**  
Tennis, swimming, stables, gym, diving — pick your spark.

PRIMARY · THE SHAPE OF THE DAY

Primary runs **09:00–15:00**: a calm reading check-in, a Harkness core block, a project block, then lunch and outside, a humanities block, and an optional off-site activity. **Forest School Fridays** all year.
